

LaMarr Completes Online Course

Carla LaMarr, CPhT of The Apothecary Shoppe Pharmacies recently completed an eight-week online course entitled “Pharmaceutical Care and Compounds for Veterinary Patients” taught by Professional Compounding Centers of America (PCCA). This course provided 2.4 Accreditation council on Pharmacy Education (ACPE), accreditation continuing education units or 24 contacted hours.

During the course, LaMarr was presented with reading assignments for each module. She was required to utilize the knowledge gained from the reading and use problem-solving skills to complete the case study-based homework assignments.
